More than one class of shares ("Class") may, at the discretion of the Board of Directors (the "Board" or "Directors"), be issued in relation to a Fund. A separate portfolio of assets is maintained for each Fund and is invested in accordance with the investment objectives and policies applicable to such Fund. Additional Funds may be created from time to time by the Board with the prior written approval of the Central Bank. The Company was incorporated on 10 December 1997.

PIMCO Global Advisors (Ireland) Limited (the "Manager") is the manager to the Company.

2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and estimation techniques adopted by the Company and applied in the preparation of these financial statements are consistent with those applied in the Company's annual audited financial statements for the financial year ended 31 December 2024 (the "Annual Audited Financial Statements"). The financial statements are prepared on a going concern basis for all Funds.

Basis of Preparation

The financial statements presented are unaudited condensed financial statements for the six month period ended 30 June 2025. They are prepared in accordance with Financial Reporting Standard 104: "Interim Financial Reporting" as issued by the Financial Reporting Council ("FRC") and the UCITS Regulations.

The unaudited condensed financial statements should be read in conjunction with the Annual Audited Financial Statements, on which the auditors' opinion was unqualified, and which were prepared in accordance with Financial Reporting Standard 102 ("FRS 102"), "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the FRC, the Companies Act 2014, and the UCITS Regulations. The accounting standards generally accepted in Ireland in preparing financial statements are those issued by the FRC.

Audited termination financial statements were prepared for the Dynamic Multi-Asset Fund for the financial year ended 31 December 2024. As a result, financial statements are no longer prepared for this Fund. As at 31 December 2024, the Dynamic Multi-Asset Fund held a residual security of 3,400,000 shares in a Credit Suisse AG AT1 Claim ("AT1 Claim"), with a fair value of €410,430. This AT1 Claim relates to a holding in a Corporate Bond position in the banking and finance industry sector and was classified as Level 2 in the fair value hierarchy as at 31 December 2024. The AT1 Claim remains held on the Fund as at 30 June 2025, with a fair value of €340,518. This amount is included in the value of the Other financial assets in the Company level Statement of Assets and Liabilities as at 30 June 2025.

The information required to be included in the Statement of Total Recognised Gains and Losses and a Reconciliation of Movements in Shareholders Funds, is, in the opinion of the Directors, contained in the Statement of Operations and the Statement of Changes in Net Assets.

The Company has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a cash flow statement.

The financial statements are prepared under the historical cost convention as modified by the revaluation of financial assets and liabilities held at fair value through profit or loss.

The Company has adopted U.S. Dollar as the presentation currency. The financial statements of each Fund are prepared in the functional currency of the respective Fund. The Company's Statement of Assets and Liabilities are translated using exchange rates at the financial period end and the Company's Statement of Operations and Statement of Changes in Net Assets are translated at an average rate (as an approximate of actual rates) over the financial period for inclusion in the Company's financial statements.

All amounts have been rounded to the nearest thousand, unless otherwise indicated. A zero balance may reflect actual amounts rounding to less than one thousand. The Schedule of Investments of certain Funds may hold transferable securities displaying both a nil par value and nil fair value when the actual par value and fair value amounts are rounded to the nearest thousand.

The swing pricing methodology applied by the Company during the financial period is consistent with that applied in the Annual Audited Financial Statements.

As at 30 June 2025, swing pricing was applied to the Emerging Markets Corporate Bond Fund, the Global High Yield Bond Fund and the US Investment Grade Corporate Bond Fund. No swing pricing was applied to any of the Funds as at 31 December 2024.

The NAV per share is disclosed in Note 16 and may include a swing pricing adjustment. Swing price adjustments are not recognised in the Statement of Assets and Liabilities, the Statement of Operations or the Statement of Changes in Net Assets.

3. INVESTMENTS AT FAIR VALUE AND FAIR VALUE HIERARCHY

The Company is required to disclose the fair value hierarchy in which fair value measurements are categorised for assets and liabilities. The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value.

Fair value is defined as the amount for which an asset could be exchanged, a liability settled, or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. Disclosure of a fair value hierarchy is required separately for each major category of assets and liabilities that segregates fair value measurements into levels (Levels 1, 2, and 3). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Levels 1, 2, and 3 of the fair value hierarchy are defined as follows:

- Level 1 — Quoted prices in active markets or exchanges for identical assets and liabilities.
- Level 2 — Significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets

that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market corroborated inputs.
- Level 3 — Significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include assumptions made by the Board or persons acting at their direction that are used in determining the fair value of investments.

Refer to the Schedule of Investments for analysis of each Fund's financial assets and liabilities measured at fair value as at 30 June 2025 and 31 December 2024. The methodology applied by the Funds to classify financial assets and liabilities measured at fair value using a fair value hierarchy is consistent with that applied in the Annual Audited Financial Statements.

4. EFFICIENT PORTFOLIO MANAGEMENT

To the extent permitted by the investment objectives and policies of the Funds and subject to the limits set down by the Central Bank from time to time and to the provisions of the Prospectus, utilisation of financial derivative instruments and investment techniques may be employed for efficient portfolio management purposes by all the Funds. The Funds may use these financial derivative instruments and investment techniques to hedge against changes in interest rates, non-functional currency exchange rates or securities prices or as part of their overall investment strategy.

The total interest income/(expense) arising from Repurchase Agreements during the financial period ended 30 June 2025 was $138,713,329/($Nil)(30 June 2024: $195,146,977/($250)).

The total interest income/(expense) arising from Reverse Repurchase Agreements during the financial period ended 30 June 2025 was $339,914/($102,041,044)(30 June 2024: $13,999/($89,899,986)).

The total interest income/(expense) arising from Sale-Buyback Financing transactions during the financial period ended 30 June 2025 was $Nil/($8,542,867)(30 June 2024: $Nil/($10,160,992)).

5. DIVIDEND DISTRIBUTION POLICY

As set out in the relevant Fund Supplement, dividend distributions may be declared out of;

(i) Net investment income which consists of interest and dividends.
(ii) Realised profits on the disposal of investments less realised and unrealised losses (including fees and expenses). In the event that the realised profits on the disposal of investments less realised and unrealised losses are negative the Funds may still pay dividends out of net investment income and/or capital.
(iii) Other funds (including capital) as may be lawfully distributed from the relevant Fund or share Class of the relevant Fund.

Management fees and other fees, or a portion thereof, may be charged to capital and as a result capital may be eroded and income may be achieved by foregoing the potential for future capital growth. This cycle may continue until all capital is depleted. The rationale for charging to capital is to maximise the amount distributable to shareholders.

In the case of the Income II Classes, the Directors may, at their discretion, pay fees out of capital as well as take into account the yield differential between the relevant hedged share Class and the base share Class (which constitutes a distribution from capital). The yield differential can be positive or negative and is calculated taking into account the contribution of the share Class hedging arising from the Hedged Classes.

In the case of all the share Classes of the PIMCO Asia High Yield Bond Fund, Asia Strategic Interest Bond Fund, Euro Income Bond Fund, Income Fund, Income Fund II, Low Duration Income Fund, Mortgage Opportunities Fund, PIMCO ESG Income Fund and US Short-Term Fund, except for the G Institutional, G Retail, E Class Income Q, E Class Income II Q and Investor Income A Classes (where applicable) of the aforementioned Funds, dividend distributions will be declared monthly and, depending on the shareholder's election, paid in cash or reinvested in additional shares monthly.

In the case of the Administrative Classes of the Diversified Income Fund and PIMCO Balanced Income and Growth Fund, Institutional and Investor Classes of the PIMCO Capital Securities Fund, M Retail, BE Retail, BM Retail, UM Retail and N Retail Share Classes of all other Funds, dividend distributions will be declared monthly and depending upon the shareholder's election, paid in cash or reinvested in additional shares on a monthly basis.

In the case of the G Institutional, G Retail and Investor Income A Classes, dividend distributions will be declared annually and depending upon the shareholder's election, paid in cash or reinvested in additional shares on an annual basis.

In the case of all other Funds with Income Class Shares, dividends distributions will be declared quarterly and, depending upon the shareholder's election, paid in cash or reinvested in additional shares after declaration.

In the case of the BM Retail Decumulation and M Retail Decumulation Classes, the Directors may, at their discretion, pay distributions and fees out of capital. Management Fees and any other fees, or a portion thereof, may be charged to capital of the BM Retail Decumulation and M Retail Decumulation Classes and that as a result capital may be eroded and income may be achieved by foregoing the potential for future capital growth.

Dividend distributions to holders of redeemable shares are classified as finance costs on the Statement of Operations. The income or gains allocated to Accumulation Shares will neither be declared or distributed but the NAV per share of Accumulation Shares will be increased to take account of such income or gains. Dividend distributions not reinvested in shares will be paid to the shareholder by way of bank transfer. Any dividend distribution unclaimed after a period of six years from the date of declaration of such dividend distribution shall be forfeited and shall revert to the account of the relevant Fund. Shareholders can elect to reinvest dividend distributions in additional shares or have the dividend distributions paid in cash. A portion of dividend distributions per the Statement of Operations was paid out of capital for the below Funds (amounts in thousands);

On 14 April 2025, and as previously notified to the relevant Shareholders, the Supplements for the PIMCO Balanced Income and Growth Fund and the PIMCO Capital Securities Fund were updated to reflect a change to the distribution frequency of certain Classes from quarterly to monthly. This change impacts all Administrative Classes of the PIMCO Balanced Income and Growth Fund and all Institutional, Investor Income, and Investor Income II Classes of the PIMCO Capital Securities Fund.

On 15 May 2025, the Supplements for the PIMCO Climate Bond Fund, Diversified Income ESG Fund, Emerging Local Bond ESG Fund, Emerging Markets Bond ESG Fund, PIMCO ESG Income Fund, Global Bond ESG Fund, Global High Yield Bond ESG Fund, Global Investment Grade Credit ESG Fund and Low Duration Opportunities ESG Fund were updated to reflect the requirements of the European Securities and Markets Authority ("ESMA") fund naming guidelines, including the addition of disclosure that the Funds shall avoid investments in contravention of the Paris Aligned Benchmark exclusion criteria. In addition, the Supplement for the PIMCO Climate Bond Fund was updated to increase the Fund's minimum commitment to sustainable investments from 66% to 80%.

On 29 May 2025, the Supplement for the PIMCO Emerging Markets Opportunities Fund was updated to remove the existing Management Fee waiver of 15 bps and to reduce the Unified Fee for all Classes of the Fund by 16 bps.

On 03 June 2025, the Supplement for the StocksPLUS™ Fund was updated to create a new share Class type in the Fund, namely, the BM Retail Class.

On 23 June 2025, the Supplement for the PIMCO TRENDS Managed Futures Strategy Fund was updated to explicitly reference that the Fund will promote environmental and social characteristics by implementing binding ESG criteria to the selection of underlying assets which sit alongside the Fund's current investment strategies. The Memorandum and Articles of Association of the Company have not been amended during the financial period.

9. FEES AND EXPENSES

(a) Fees Payable to the Manager

Save for the BM Retail Shares and BE Retail Shares as disclosed in the relevant Fund Supplement, the Unified Fee shall not exceed 2.50% per annum of the NAV of each Fund. Unified Fee means the Management Fee plus any applicable Service Fee, Trail Fee or Distribution Fee as set out in the Fund Supplement in respect of a share Class.

(b) Management Fee

The Manager, in respect of each Fund and as described in the Prospectus, provides or procures investment advisory, administration, depositary and other services in return for which each Fund pays a single Management Fee to the Manager. The Management Fee (as defined in the Prospectus) for each Fund is accrued on each Dealing Day (as defined in the relevant Fund's Supplement) and is payable monthly in arrears. The Manager may pay the Management Fee in full or in part to the Investment Advisors in order to pay for the investment advisory and other services provided by the Investment Advisors and in order for the Investment Advisors to pay for administration, depositary and other services procured for the Funds by the Manager.

The Management Fee for each Class of each Fund (expressed as a per annum percentage of its NAV) is as follows:

(1) The BM Retail and M Retail Class rate does not take into account a fee waiver by the Manager at the rate of 0.55% p.a. The fee waivers will expire from 29 November 2028.

(2) The H Institutional Class rate takes into account a fee waiver by the Manager at the rate of 0.25% p.a. The fee waiver will expire from 01 July 2026.

(3) The H Institutional Class rate takes into account a fee waiver by the Manager at the rate of 0.34% p.a. The fee waiver will expire from 31 August 2025.

(4) The E Class rate takes into account a fee waiver by the Manager at the rate of 0.30% p.a. The fee waivers will extend until such time as the Manager, on prior written notice to shareholders in the Fund, decides to discontinue or disapply this fee or to reduce it for any future period.

The Management Fees for all Funds (except the PIMCO Emerging Markets Opportunities Fund) remained unchanged during the financial period ended 30 June 2025.

The Management Fee attributable to the H Institutional, BE Retail, BM Retail, E Class, G Retail, M Retail, N Retail, T Class and UM Retail Share Classes is generally higher than the Management Fee attributable to the other share Classes. From this higher fee the Manager may pay for the expense of distribution, intermediary and other services rendered to the shareholders in these share Classes of the Funds directly or indirectly by distributors or broker-dealers, banks, financial intermediaries, or other intermediaries. Given the fixed nature of the Management Fee, the Manager, and not the shareholders, takes the risk of any price increases in the cost of the services covered by the Management Fee and takes the risk of expense levels relating to such services increasing above the Management Fee as a result of a decrease in net assets. Conversely, the Manager, and not the shareholders, would benefit from any price decrease in the cost of services covered by the Management Fee, including decreased expense levels, as a percentage of net assets, resulting from an increase in net assets.

Due to the nature of the Z Class offering (the Z Class is offered primarily for other Funds of the Company or for direct investment by institutional investors who have entered into an investment management or other agreement with the Investment Advisors or a PIMCO affiliate) and in an effort to avoid the duplication of fees, the Management Fee for the Z Class is set at 0.00% per annum.

(c) Investment Advisory Services

On behalf of the Company, the Manager provides and/or procures investment advisory services. Such services include the investment and reinvestment of the assets of each Fund. The fees of the Investment Advisors (together with VAT, if any thereon) are paid by the Manager from the Management Fee.

(d) Administration, Depositary Services and Other Services

On behalf of the Company, the Manager provides and/or procures administration, depositary and other services. Such services include administration, transfer agency, fund accounting, depositary and sub-depositary in respect of each Fund. The fees and expenses of the Administrator and Depositary (together with VAT, if any thereon) are paid by the Manager from the Management Fee, or by the Investment Advisors.

On behalf of the Company, the Manager provides and/or procures certain other services. These may include listing broker services, paying agent and other local representative services, accounting, audit, legal and other professional advisor services, company secretarial services, printing, publishing and translation services, and the provision and co-ordination of certain supervisorial, administrative and shareholder services necessary for operation of the Funds. Fees and any ordinary expenses in relation to these services (together with VAT, if any thereon) are paid by the Manager, or by the Investment Advisors on behalf of the Manager, from the Management Fee.

The Funds will bear other expenses related to their operation that are not covered by the Management Fee which may vary and affect the total level of expenses within the Funds including, but not limited to, taxes and governmental fees, brokerage fees, commissions and other transaction expenses (including, but not limited to, fees and expenses related to due diligence on investments and potential investments and/or related to negotiations of such transactions), costs of borrowing money including interest expenses, establishment costs, extraordinary expenses (such as litigation and indemnification expenses) and fees and expenses of the Company's Independent Directors and their counsel.

The Company paid the Independent Directors fees of €90,000 during the financial period ended 30 June 2025 (30 June 2024: €75,000). In addition, each Independent Director is reimbursed for any reasonable out-of-pocket expenses. Non-Independent Directors are not entitled to separate remuneration for their directorship of the Company. Directors' fees are a component of "Other expenses" on the Statement of Operations.

Service Fee The Service Fee which applies to the Investor Classes only is paid to the Manager and may be used to reimburse broker-dealers, financial intermediaries, or other intermediaries that provide services in connection with the distribution and marketing of shares and/or the provision of certain shareholder services or the administration of plans or programmes that use Fund shares as their funding medium, and to reimburse other related

expenses (as defined in the relevant Fund's Supplement). The services are provided directly by the Manager or indirectly through broker-dealers, financial intermediaries, or other intermediaries to all shareholders of the Investor Classes. The same services apply to all shareholders of the Investor Classes for the fees levied. These services may include responding to shareholder inquiries about the Funds and their performance; assisting shareholders with purchases, redemptions and exchanges of shares; maintaining individualised account information and providing account statements for shareholders; and maintaining other records relevant to a shareholder's investment in the Funds.

Plans or programmes that use Fund shares as their funding medium may include unit-linked insurance products and pension, retirement or savings plans maintained by employers. All shareholders in the Investor Classes will receive services pursuant to agreements entered into with financial intermediaries with whom those shareholders have a servicing relationship. The Service Fee is calculated on the basis of 0.35% per annum of the NAV of each Fund attributable to the Investor Classes. The Service Fees rate remained unchanged during the financial periods ended 30 June 2025 and 30 June 2024. The Service Fee is paid out of the NAV attributable to the Investor Classes of the NAV of those Funds. The Service Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Manager may retain for its own benefit in whole or in part any Service Fee not payable to broker-dealers, financial intermediaries or other intermediaries.

Trail Fee The Trail Fee which applies to Administrative Classes is paid to the Distributor for personal services rendered to shareholders of the Funds and the maintenance of shareholder accounts, including compensation to, and expenses (including telephone and overhead expenses) of, financial consultants or other employees of participating or introducing brokers, certain banks and other financial intermediaries who assist in the processing of purchase or redemption requests or the processing of dividend payments, who provide information periodically to shareholders showing their positions in a Fund's shares, who forward communications from the Company to shareholders, who render ongoing advice concerning the suitability of particular investment opportunities offered by the Funds in light of the shareholders' needs, who respond to inquiries from shareholders relating to such services, or who train personnel in the provision of such services.

The services are provided directly by the Distributor or indirectly through broker-dealers, banks, financial intermediaries, or other intermediaries to all shareholders of Administrative Classes. The Trail Fee is calculated on the basis of 0.50% per annum of the NAV of each Fund, with the exception of the StocksPLUS™ Fund where calculated on the basis of 0.75% per annum, attributable to the Administrative Classes. The Trail Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Trail Fee not payable to broker-dealers, banks, financial intermediaries or other intermediaries.

The Trail Fees rate remained unchanged during the financial periods ended 30 June 2025 and 30 June 2024.

(e) Distribution Fee

The Distribution Fee which applies to T Class Shares, BN Retail Shares, BM Retail Shares and BE Retail Shares is paid to the Distributor for services rendered to shareholders of the Funds.

The services are provided directly by the Distributor or indirectly through broker-dealers, banks, financial intermediaries, or other intermediaries to all shareholders of T Class Shares. The Distribution Fee is calculated on the basis of 0.40% per annum of the NAV of each Fund attributable to the T Class Shares, with the exception to the Global Bond Fund and Total Return Bond Fund which attract a Distribution Fee of 0.30% per annum of the NAV of the Fund attributable to the T Class Shares.

In respect of the BE Retail, BM Retail and BN Retail Share Classes only, where disclosed in the relevant Supplement, the Distribution Fee may be up to 1% of the NAV and therefore the Unified Fee may exceed 2.50% of the NAV.

The Distributor Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Distribution Fee not payable to broker-dealers, banks, financial intermediaries or other intermediaries.

The Distributor Fee rate remained unchanged during the financial periods ended 30 June 2025 and 30 June 2024.

(f) Expense Limitation (including Management Fee Waiver and Recoupment)

The Manager has agreed with the Company, pursuant to the Management Agreement between the Company and the Manager dated as of 28 January 1998, as amended, to manage total annual fund operating expenses for any Class of Fund, by waiving, reducing or reimbursing all or any portion of its Management Fee, to the extent that (and for such period of time that) such operating expenses would exceed, due to the payment of establishment costs and pro rata Directors' Fees, the sum of such Class of such Fund's Management Fee (prior to the application of any applicable Management Fee waiver), any Service or Trail Fees, as applicable, and other expenses borne by such Fund's share Class not covered by the Management Fee as described above (other than establishment costs and pro rata Directors' fees), plus 0.0049% per annum (calculated on a daily basis based on the NAV of the Fund).

In any month in which the Management Agreement is in effect, the Manager may recoup from a Fund any portion of the Management Fee waived, reduced or reimbursed pursuant to the Management Agreement (the "Reimbursement Amount") during the previous 36 months, provided that such amount paid to the Manager will not 1) exceed 0.0049% per annum of the Class of the applicable Fund's average net assets (calculated on a daily basis); 2) exceed the total Reimbursement Amount; 3) include any amounts previously reimbursed to the Manager; or 4) cause any Class of a Fund to maintain a net negative yield.

The Management Fee as disclosed in the Statement of Operations is recognised gross of the relevant management fee waiver where applicable. Management fee waivers are recognised within Reimbursement by Investment Advisors in the Statement of Operations. The Management Fee is paid to the Manager net of the waiver.

19. CREDIT FACILITY

PIMCO Funds: Global Investors Series plc acting on behalf of each of the PIMCO Asia High Yield Bond Fund, the Global High Yield Bond Fund and the US High Yield Bond Fund (collectively the "Funds" and each a "Fund") entered into a fifth amended and restated credit facility dated as of 16 August 2024 (the "Credit Agreement") between, amongst others, the Funds, certain lenders including MUFG Bank Ltd. ("MUFG") (as lenders) and MUFG in its capacity as agent and lead arranger.

Each Fund is permitted to utilise the facility for temporary purposes in accordance with the relevant Fund's investment policies.

The aggregate commitment available for utilisation by the Funds is, subject to the terms of the Credit Agreement, $211,000,000.

The sub-limits for each Fund are: PIMCO Asia High Yield Bond Fund-$67,000,000; Global High Yield Bond Fund-$90,000,000 and US High Yield Bond Fund-$54,000,000. The total amount available to the Funds, together with the other borrowers (collectively, the "Borrowers") is, subject to the terms of the Credit Agreement, $227,000,000 (the "Aggregate Commitment Amount"). The Borrowers may, subject to the terms of the Credit Agreement, request an increase of up to $373,000,000 the Aggregate Commitment Amount (up to a maximum increased commitment of $600,000,000). This increased commitment would be available for utilisation by the Borrowers in accordance with the terms of the Credit Agreement.

There are two rates of interest available under the Credit Agreement. Each Fund, when utilising a loan will elect which interest rate will apply to all or a portion of the relevant loan with the applicable interest rate being determined by reference to (i) the Alternate Base Rate or (ii) the Adjusted Daily Simple SOFR.

The Alternate Base Rate is for any day, the greater of (i) Federal Funds Rate (as defined in the Credit Agreement) or (ii) the Overnight Bank Funding Rate (as defined in the Credit Agreement), as in effect on such date. Each loan bearing interest calculated by reference to the Alternate Base Rate shall bear interest on the outstanding principal amount thereof for the period commencing on the date when such loan is made up to but not including the date such loan is repaid in full, at a rate per annum equal to the Alternative Base Rate plus the Applicable Margin (being 1.125%).

The Adjusted Daily Simple SOFR means an interest rate per annum equal to (a) Daily Simple SOFR (as defined in the Credit Agreement) plus (b) 0.10%. Each loan bearing interest calculated by reference to the Adjusted Daily Simple SOFR shall bear interest on the outstanding principal amount thereof, for the period commencing with the date such loan is made or continued through and including the date such loan is repaid in full, at a rate per annum equal to Adjusted Daily Simple SOFR plus the Applicable Margin (being 1.125%).

Any loan is, subject to the terms of the Credit Agreement, repayable on the earlier of 60 days of drawdown or 15 August 2025 unless repayable sooner in accordance with the terms of the Credit Agreement.

All loans are provided on an unsecured basis and the recourse of the Lenders to a Fund is limited to the assets of such Fund.

As at 30 June 2025 and 31 December 2024, none of the Funds had borrowings under the Credit Agreement.

All returns from SFT derivative transactions will accrue to the Fund and are not subject to any returns sharing agreement with the Company's Manager or any other third parties.

For total return swaps transactions costs are not separately identifiable. For these investments, transaction costs are included in the purchase and sale price and are part of the gross investment performance of each Fund. 21. SIGNIFICANT EVENTS

In February 2022, Russia launched an invasion of Ukraine. As a result, Russia and other countries, persons and entities that provided material aid to Russia's aggression against Ukraine, have been the subject of economic sanctions and import and export controls imposed by countries throughout the world, including the United States. Such measures, including the United States' enforcement of sanctions or other similar measures on various Russian entities and persons, and the Russian government's response, have had and may continue to have an adverse effect on the Russian, Belarusian and other securities, instruments and economies, which may, in turn, negatively impact the Funds. The extent, duration and impact of Russia's military action in Ukraine, related sanctions and retaliatory actions are difficult to ascertain, but could be significant and have severe adverse effects on the region, including significant adverse effects on the regional, European and global economies and the markets for certain securities and commodities, such as oil and natural gas, as well as other sectors. Further, the Funds may have investments in securities and instruments that are economically tied to the region and may have been negatively impacted by the sanctions and counter-sanctions by Russia, including declines in value and reductions in liquidity. The sanctions may cause the Funds to sell portfolio holdings at a disadvantageous time or price or to continue to hold investments that the Funds may no longer seek to hold.

Since October 2023, there has been ongoing armed conflict in Israel and Gaza, and beginning in April 2024 Iran and Israel have engaged in military offensives against each other in a rapidly developing situation. The Funds may have invested in securities and instruments that are economically tied to these conflict zones. Such investments may have been negatively impacted by sanctions and counter sanctions, if applicable, including declines in value and reductions in liquidity. The reductions in liquidity in investments may cause the Funds to sell portfolio holdings at a disadvantageous time or price hold. PIMCO will continue to actively manage these positions in the best interests of the Funds and its shareholders.

In April 2025 the U.S. government indicated an intent to alter its approach to international trade policy, including in some cases renegotiating, modifying or terminating certain bilateral or multi-lateral trade arrangements with foreign countries, and it proposed to take and/or taken related actions, including the imposition of or stated potential imposition of a broad range of tariffs. The imposition of tariffs, trade restrictions, currency restrictions or similar actions (or retaliatory measures taken in response) could lead to, for example, price volatility, reduced market sentiment, and changes in inflation expectations. These and other geopolitical events may contribute to increased instability in the U.S. and global economies and markets, which may have an adverse effect on the performance of the Funds and its investments.

On 14 April 2025, the distribution frequency of all Administrative Classes of the PIMCO Balanced Income and Growth Fund and all Institutional, Investor Income, and Investor Income II Classes of the PIMCO Capital Securities Fund were changed from quarterly to monthly.

On 29 May 2025, the existing 15 bps Management Fee waiver of the PIMCO Emerging Markets Opportunities Fund was removed, and the Unified Fee for all Classes of the Fund was reduced by 16 bps.

On the same date, the Management Fee waiver for the H Institutional Class of Euro Credit Fund was extended by one year until 30 June 2026.

Other than the above, there were no other significant events during the financial period.
